INTRODUCTION

My name is Darrell Nutt. I have been playing drums, tuning drums, and recording drums for over 30 years! Recently, I took my friends DW Collector's Series 7-piece maple drum shell pack and multisampled all of them with many articulations. This expansion pack, for the Steven Slate drum replacement plugin Trigger 2, includes three bass drum articulations, thirteen snare drum articulations, and four tom articulations. The pack features 10 velocity layers per drum and up to three "round robin" samples per velocity layer. The Steven Slate Trigger 2 plug-in allows complete control over the sounds with an intuitive 8 channel mixing interface. These 8 channels vary per drum depending what mics are best for each drum. The mics used are Neumann U47, Earthworks SR25 (2), Shure SM57, Shure SM57TFL (transformerless), Sennheiser MD421, Lauten SNARE, Earthworks DM20, Shure Beta 91A, and a homemade sub kick mic.. There are over 7800 individual samples for this pack! I've also included signature presets to get you started. If you are a music producer or musician and you use Trigger 2, this signature expansion pack may be great for you! These sounds are suited for all styles of music production.

INSTALLATION / TRIGGER FOLDER

IMPORTANT NOTE:

You MUST upgrade to Trigger 2 Platinum in order to use a Darrell Nutt Signature Drum Pack.

You can download the latest version of Trigger 2 here:

<https://stevenslatedrums.com/trigger-2-platinum/>

1. Download the zip files from the links you were emailed or from the darrellnutt.com store landing page after purchase:

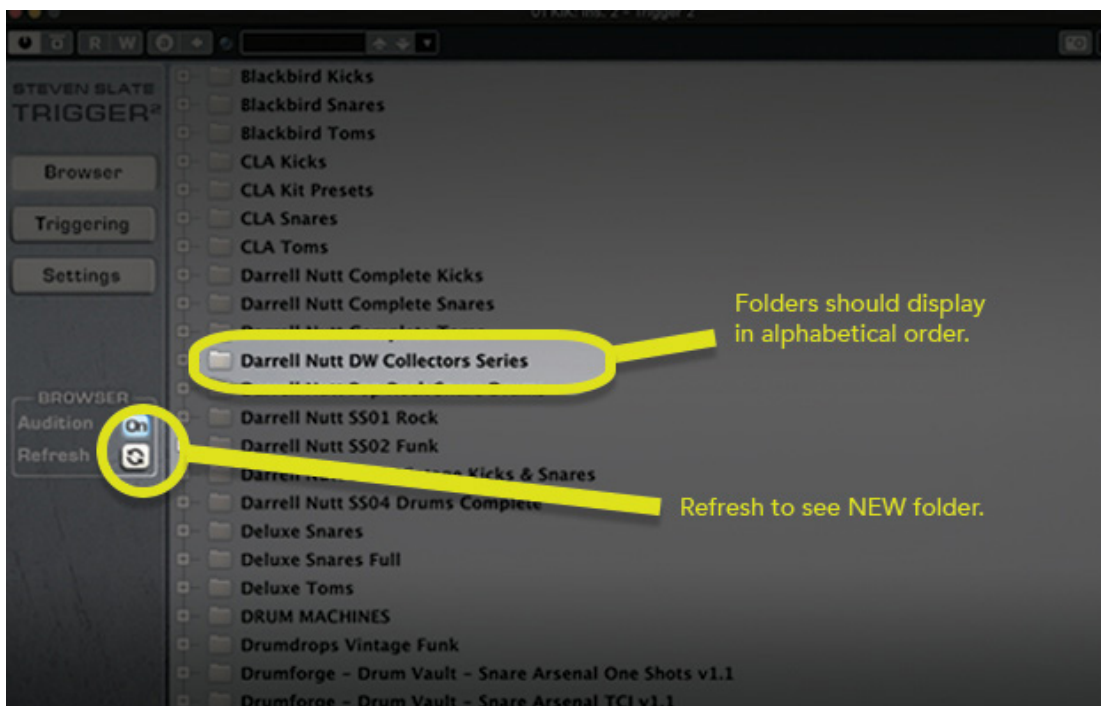

DNSD_DW_COLLECTORS_SERIES.zip

2. Unpack the zip files and move the following folder to your “Trigger2 Instruments” folder where you store your other Trigger 2 sample files.

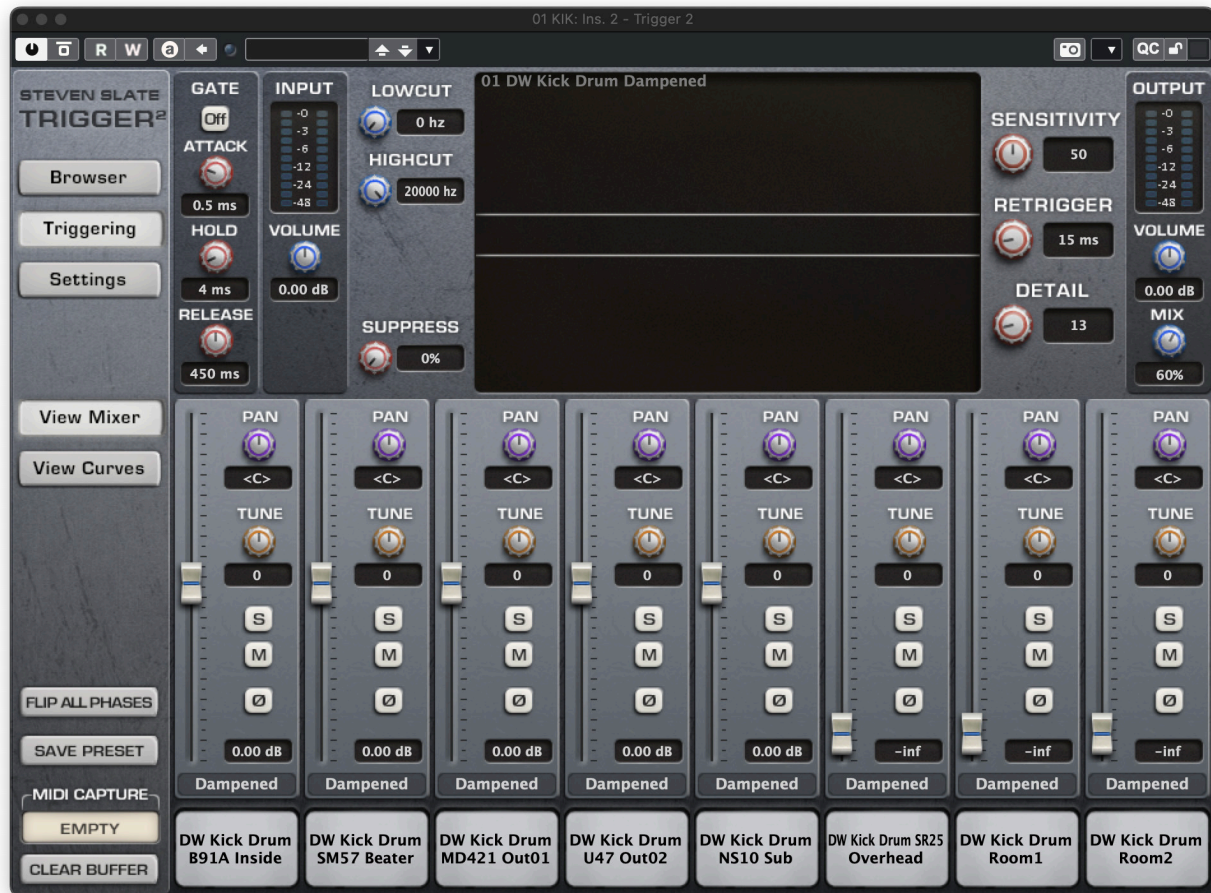

3. Open your DAW application and open an instance of the Trigger 2 plugin. In the Trigger Browser window, select “Refresh” and you should see the Darrell Nutt DW Collectors Series folder.

**The samples will NOT display unless this folder is in your “Trigger2 Instruments” folder.*

TRIGGER MULTI-MIC CHANNELS
