WHAT IS YACHT ROCK?

Yacht Rock refers to the music of the 70s and 80s that is commonly known as soft rock.

The term "yacht rock" was coined in 2005 by the makers of the online video series Yacht Rock. The music is associated with Southern California, where boating was a popular leisure activity.

CHARACTERISTICS

Yacht rock is known for its glossy production, clean vocals, and light, catchy melodies. It often includes elements of jazz, R&B, and disco.

The Doobie Brothers
The Eagles
Christopher Cross

Fleetwood Mac
Michael McDonald
Toto
Steely Dan

WHAT ARE DRUMLOOPS SAMPLE PACKS?

Darrell Nutt Signature DrumLoops are drum loop sample packs that I created based on a few of my own concepts. I noticed there were several styles of music lacking in the acoustic drum loop market. I wanted to populate those areas.

DrumLoops sample packs are acoustic drum loops in genre/style themes played in various tempos and grooves. The loops have no cymbal crashes on purpose (except for a few ending loops). I did this because the acoustic drum loops that were available contained too many cymbal crashes within the loops and I found them unusable.

DrumLoops style themes contain multiple song grooves and tempos. I play multiple versions on each song groove for you to mix and match similar loops.

I have included one-shots of all of the drums used in this sample pack. I've also included crash cymbal hits and percussion loops that specifically fit these drum grooves.

DrumLoops sample packs are Stereo Loops and One-Shots in the WAV file format at 44.1 kHz/24-bit. One-Shots also come with BATTERY and GROOVE AGENT kits

I hope you enjoy my drum loops! I had a blast making them for you!

Thank you!
