## INTRODUCTION

---

My name is Darrell Nutt. I have been playing drums, tuning drums, and recording drums for over 30 years! I toured the US and Europe in the 1990's and 2000's and recorded hundreds of drum tracks in studios across the country. This expansion pack utilizes the knowledge and precision that I acquired throughout those years. I hope you enjoy them!

The Steven Slate Trigger 2 plug-in allows complete control over the sound with an intuitive 8 channel mixing interface. The **SELECTOR SERIES** utilizes these 8 channels **a little differently**. Instead of each channel containing a separate close mic, ambient mic, or effect, the **SELECTOR SERIES 8 channels each contain premixed drum samples** so you can select the drum sound that is best for your song. This makes for a **quick and time saving** way to enhance a drum sound or completely replace it!

This expansion pack includes **ALL** of the drums from my original **DRUMS COMPLETE** Trigger 2 pack. **6 Kick drums, 13 Snare drums, 12 Toms** and features up to **16 velocity layers** per drum with multiple **"round robin"** samples. Some Snares and Toms also have **stick, brush and mallet hits**. Some Snares also have dampened and ringing hits. There are over 990 individual samples in this expansion pack!

If you are a music producer or musician and you use Trigger 2, this signature expansion pack may be great for you! **These drum sounds are great for all styles of music production!**
